

# I-95 Section AF1 – Reconstruction of Richmond Street From Ann Street to Westmoreland Ave Melvale Street Construction Update – October 23, 2018

Starting October 24<sup>th</sup>, PennDOT's contractor will begin the construction of two underground stormwater retention basins along Melvale Street between E. Wishart Street and E. Clearfield Street.

During this work, through-traffic will be blocked and access to the properties within the work zone will be restricted. However, access to these properties will be maintained during non-work hours.

Each stage of the construction is anticipated to take approximately four weeks to complete.
